The MTA ESP Leadership Weekends program is a four-weekend course focused on leadership and communication strategies, strengthening interpersonal skills and supporting emerging ESP leaders.

Participate in this program if you are:

- An active member and work as an ESP in PreK-16, including positions as paraeducators, custodial, food, security, transportation, technical services, skilled trades and other careers.
- Motivated to take on more responsibility in your local.
- A person who may or may not have experience as a union activist.
- Looking to learn new skills, willing to participate in learning and learn from others.

The program requires a commitment to all four sessions. The MTA will provide training materials, overnight lodging and meals in a hotel near the training location.
